

With over 6 years experience Maze Grass meets all synthetic grass needs for homeowners, real estate companies, shopping mall management, hotels, installation companies and government sectors of United Arab Emirates.

We are direct importers from Holland and offer the best quality artificial turf at unbeatable prices.

THE NUMBER ONE CHOICE **FOR**
ARTIFICIAL GRASS ACROSS THE UAE

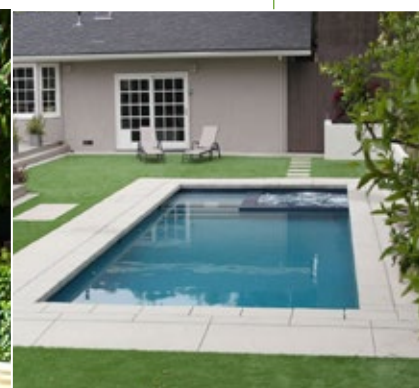

RESIDENTIAL AND COMMERCIAL QUALITY

A GREAT LOOKING LAWN ALL YEAR ROUND

Whether you are looking for an area of your garden for your family dog, require safe, strong ground-cover for a private play area, are looking for your very own putting green or simply want your entire garden lawn to become an ever-green oasis all year round whilst saving water and money we are your solution.

Maze Grass meets all synthetic grass needs for homeowners, real estate companies, hotels, and installation companies.

For both residential and commercial, we can help you create a stress free, seamless and natural astro turf look that will match any surrounding and blend in with garden bushes, trees and flowers.

Advantages of artificial grass

Low maintenance – Durability, aesthetically pleasing and ideal for effective, low maintenance landscaping. No mowing and mud free – a Maze Grass artificial lawn will take the hard work out of keeping a perfect lawn.

No watering – Reduce your water costs. Maze Grass doesn't need watering so you can dramatically reduce your water bill as well as helping the environment. Maze Grass thrives even in shaded areas.

Child safe – Cleaner and more hygienically safe, artificial grass surfaces are also the best, a virtually maintenance free option for play areas.

Ideal for pets – A natural grass alternative practical for your pet, it will also look just like a perfectly manicured lawn, without any of the fuss.

Sports – Hard-wearing and long-lasting, ideal for areas of heavy usage. No area too large or small.

MAZE GRASS FOR HOMES, GARDENS, COMMERCIAL AND SPORTS AREAS

Transform your home and garden with artificial grass. No mowing, no watering and mud free artificial lawn will take the hard work out of keeping a perfect lawn.

Maze Grass artificial grass is a brilliant way to spruce up your terrace or roof garden with a beautiful lawn that looks freshly cut and naturally green.

An artificial lawn allows you to create a lush, urban garden in the most unlikely of places. Imitation turf can also be used to transform your patio or swimming pool area.

Architects, developers, local authorities and leisure industry managers are specifying artificial lawn for areas of high foot traffic or that are expensive to maintain.

Commercial areas appropriate for the use of artificial grass may include outdoor swimming pool surrounds, picnic areas, roundabouts, construction site entrances, parks, paths and path edges.

Maze Grass supply and install synthetic grass and turf for many different sporting surfaces. Durable artificial sports surfaces allow play in all weather conditions, all year round.
